

Summer Reading Programs at the Daniel Pierce Library

SUMMER READING

Calling all readers Pre-K through Grade 3 to this year's 2017 Summer Reading Program Series "Build a Better World!" Books build better readers! Please join us this summer, and hit the nail on the head: READ!

"The Nowhere Box" (for 2, 3, and 4 year olds who are not entering Kindergarten). If you give a child a box, what will happen next? It may easily become their own little dwelling of fairytales and car racing! Come find out as your child navigates their imagination with the help of a cardboard box. Enjoy the adventure through story, craft, and music. The evening will conclude with a healthy snack. **Monday, July 10, at 6:30 p.m.**

"Build a Better City" (for students entering Kindergarten and Grade 1). Become a "civil engineer" for a day! Put on your hard hat and bring your creativity and natural engineering ability to the building site of your very own city. We will supply the rest. The evening will conclude with some fabulous refreshments. **Wednesday, July 12, at 6:30 p.m.**

"Plant a Better World" (for students entering Grades 2 and 3). Who has a green thumb? During this hands-on program, young gardeners will plant and decorate their own potted plant, enjoy a story, felt, and music. Things might get messy! Light refreshments will be served. **Monday, July 17, at 6:30 p.m.**

2017 Summer Reading Program Registration Form

Note: children must be residents of the Tri-Valley Central School District.

Please complete one form per child. Additional forms may be downloaded from our website; or you can register online @ www.danielpiercelibrary.org
